A Child is Not a Little Adult

A child cannot "talk out" his problems like adults, but can and does "play out" what is disturbing him/her when given permission to communicate through the medium of play. The Counseling and Enrichment Center provides play therapists who will facilitate a safe relationship for expressing feelings, thoughts, experiences and behaviors with selected play materials. Go to counselingmckinney.com or contact 469.424.1618 for an appointment.

Guidance for High School/College Students

Is your high school/college student struggling with college/career choices? The Counseling and Enrichment Center can help offer some direction and guidance through online assessments in achievement, ability, career development and individual temperaments. Call 469.424.1618 to make an appointment.
